ADJUSTMENT REACTION				

**Key Findings:**

- Excluding "Normal Delivery" cost among the top 10 replacements.

The screenshot displays the OCI software interface. The main window is titled "Detail Loss Run - Microsoft Internet Explorer" and shows various filters and options for a claim. The "Coverage Information" section includes a checked box for "Workers' Compensation". The "Dates" section has fields for "Loss Date" and "Reported To". The "Financial Value" section includes fields for "Cap Amount", "Total Incurred", "Total Paid", "Outstanding Reserves", "Total Recoveries", and "Valuation Date". A "Scheduler" window is open in the foreground, showing "Scheduler Options" with a "Report" description of "test". The "Recurrence Pattern" is set to "Once", and the "Range of Recurrence" is set to "No End Date". There are also checkboxes for "Notification" and a list for "Authorized Recipients".
