DATA INTEGRATION AND SOFTWARE SERVICES PROVIDER, OCI, LAUNCHES COMPANY BLOG

Denver, Colorado – OCI, a Denver-based, data integration and software services provider, launched its company blog today. The blog can be accessed at www.oci.com/blog.

The OCI Blog provides weekly insights into current trends, industry happenings and OCI knowledge; geared toward human resources, employee benefit, risk management and information technology leaders. The content will be comprised of broad but interrelated topics ranging from data security to human resources, employee benefit and risk management technology, data management, risk mitigation and leadership.

“We are very excited to launch our blog as another communication and sharing medium with our customers, marketplace and trading partners,” says Archie Anderson, President at OCI. “We plan to use this as a way to impart our perspective and thought leadership on data integration matters and concepts that we hope will help readers and followers much like our solutions help customers integrate disparate data to provide a comprehensive view of their benefits and risk programs.”

The OCI Blog welcomes questions, comments and suggestions to be sent to insight@oci.com. For more information on the OCI Blog, please visit www.oci.com/blog or call (800) 678-6613.

###

About OCI - OCI is a data integration and software services provider that helps companies make better-informed decisions about their risk management, employee benefit, and technology dependent programs.

OCI has designed and delivered integrated health and productivity solutions to Fortune 1000 companies since 1984. Using secure web-based software, a flexible, customer-centric, and consultative delivery approach with deep industry experience, our solutions transform data into information and knowledge, giving our customers the power to increase administrative efficiency, reduce expenditures, and improve productivity.
